Biography of Werley Nortreus

Werley Nortreus, also known as *Prince Werley Nortreus*, is a former *Haitian*-born, former musician and a rising *Politician*. In addition to his musical background, he is a *Writer*, *Author*, *Entrepreneur*, *Politician*, and *Pastor*. He was born in a small commune in *Haiti* named *Limbé*, but grew up in *Port-au-Prince*, the *Capital* of this country. Throughout his literary journey, he has penned over 50 quotes reflecting various viewpoints, along with several books and novels that encompass both nonfiction and fiction genres printed in the USA.

Chapter One

What Is Humanity?

Am I the only *Person* who wonders about the essence of *Humanity*?

No, I don't believe I'm alone in pondering this question.

However, I have penned some quotes regarding *Humanity* that have sparked my reflections.

As I was composing this book, these ideas surfaced in my thoughts.

What is *Humanity*?

What do I observe when I say the word *Humanity*?

Well, when I articulate the word *Humanity*, I realize that I am also saying the word *Human*.

Indeed, the first five letters refer to *Human*, which signifies a *Human Being*.

When I pronounce the word *Humanity*, I also say *Human*.

This indicates that I comprehend that *Humanity* signifies *Humans*.

Therefore, in my view, *Humans* equates to *Humanity*.

What constitutes a *Human Being*?

A *Human Being* is a living *Being* that possesses a body and a *Life* distinct from that of *Animals*.

Following this contemplation, I crafted this quote about *Humanity*: *Human Beings* are *Humanity*.

1. **"Human Beings are Humanity"**

No doubt being *Human* defines *Humanity*.

Therefore, when you, the reader of this book, encounter this question again, keep this quote about *Humanity* in mind.

Who Created Humans?

Who created *Humans*?

Who is responsible for the creation of *Humans*?

Am I the only *Person* pondering this question?

I don't believe so; I think many others contemplate this as well.

To address this inquiry, I would like to provide reliable *Biblical* references.

Additionally, I will take this opportunity to share my personal experiences, which I consider to be credible as well.

What *Biblical* references can I utilize to substantiate the credible assertion that *God* initially created *Human Beings*?

What does the *Bible* convey regarding this?

Genesis 1:27: So, *God* created *Humans* in his own image; in the image of *God*, he created him/her; *male* and *female* he created them.

Additionally, *Genesis 2:7* states, Then *God* formed *Humans* of *Dust* from the ground and *breathed* into them the *Breath of Life*, and the *Humans* turned into a living *Being*.

Indeed, *God* was the initial *Creator* of *Humans*, followed by *Women* who further contributed to *Human* creation.

Initially, *God* formed the first *Humans*, and subsequently, He utilized *Women* to perpetuate the creation of more *Humans* with the help of *Men*.

There was a purpose behind *God*'s decision to create both a *Man* and a *Woman*, enabling them to procreate.

This quote was crafted in response to the question as well.

2. **"Undoubtedly, God in Heaven was responsible for the creation of the first Humans and utilized Women, with the help of Men, to further the creation of additional Humans."**

Why Do We Look Like Humans?

When contemplating what it means to be *Human*, I often reflect on another significant question that I believe deserves attention.

I frequently ponder why we possess a *Human* appearance.

Why do we look like *Humans*?

Specifically, why do we appear *Human*?

In my view, we look *Human* because *God* fashioned the first *Humans* in a physical form resembling his/her own.

Indeed, it is no coincidence that the *Bible* mentions *God* created us in his/her likeness.

Indeed, I believe we appear *Human* because *God*, the Creator of the first *Humans*, designed them to share a similar physical appearance to his/her own.

This implies that we, as *Humans*, possess a physical form akin to that of *God*, who fashioned the first *Humans*.

Considering this, I composed this quote reflecting this idea.

3. **"As Human Beings, we look like Humans because God, who brought forth the first Humans, made them in his/her Image, sharing the same physical characteristics."**

Based on the *Bible* and my personal experiences, I firmly believe that our *Human* appearance reflects *God*'s own body shape.

Why Were We Created?

Now, I would like to address a question that I believe many of us have pondered.

Why were we created?

This is a challenging question to address, as some *People* may feel they lack a purpose for their existence.

However, based on the *Bible* and my own reflections, I would like to share my thoughts on why I believe *Humanity* was created.

Why were we created?

In my view, we were designed to coexist harmoniously and adhere to *God*'s *Commandments* and *Laws* until the end, or until *God* chooses to fulfill His *Promises* and *Prophecies*.

For this reason, I wrote a quote regarding this inquiry.

4. **"I believe that we, as Humans, were created to live in harmony with one another and to follow the Commandments and Principles of God until the very end."**

Nonetheless, I believe my statement is founded on several key reasons that support my view on why we *Humans* were created.

What Is the Earth?

The *Earth* is the *Land* that *God* designed to accommodate the first *Humans* He created, instructing them to procreate and multiply.

Although I lack evidence that *God* referred to this *Land* as *Earth*, I was raised from childhood to believe that this *land* is indeed called *Earth*, even though I later discovered that not everything I was taught was accurate.

What is the *Earth*?

What does the *Bible* say about the *Earth*?

Genesis 1:1 says: In the beginning, *God* made the *Heavens* and the *Earth*.

The reality is that we *Humans* designate this *Land*, which *God* created for our habitation.

While *Earth* may appear to be a cage that confines all of us, it is undeniable that this *Land* is a living *Being*, akin to a *matrix* that generates natural *food*, *water*, *wind*, and more.

In fact, I have also penned a quote regarding this matter.

5. **"Earth is not only Land; it is also a living Being that shelters Humans and provides for their needs."**

In truth, that's my opinion of what the *Earth* is.

Why Were We Put on Earth?

Why were we put on *Earth*?

Am I the only one pondering why *God* placed us on this *Planet* we refer to as *Earth*?

No, I don't think I'm the only one who contemplates this question.

Allow me to share and elaborate on some of my thoughts regarding this matter.

Since *God* is *Eternal* and acts according to His will, it is clear that He created this *Land* we call *Earth* for us because He desired to, and it is our rightful home.

One aspect that many *People* today fail to recognize is that *Earth* is a magnificent *Realm* that *God* fashioned for us, yet some *Humans* recklessly damage it without considering the repercussions.

Indeed, I also think that *God* positioned us on this *Land* we call *Earth* so that we could enjoy a fulfilling *Life* together until He continues to realize His/Her *Promises* and *Prophecies* for our *Future*.

I also wrote a quote about this question.

6. **"God designed this beautiful Land we call Earth and set us here so that we could thrive, even though many People currently do not appreciate its value."**

In truth, that's my opinion on why we were put on *Earth*.

What Is Life?

It is indeed the case that numerous *People*, like me, frequently share their thoughts and perspectives on *Life*.

What is *Life*?

This is a challenging question to address, as only *God* possesses the knowledge of all the mysteries of His creations.

However, in my view, one of the most significant answers to this question is that *Life* is synonymous with *breathing*; when *breathing* ceases, it resembles *Death*.

This is the conclusion I firmly support.

In my opinion, *Life* equates to *breathing*.

It is, in fact, the *Breath of God* instilled in *Humans* during the days of creation.

The *Breath of God* is also called the *Breath of Life*.

The *Breath of God* is the same as the *Breathing of God*.

Every *Human*, *Animal*, or other living *Beings* has an inherent desire to *breathe*, and once that *breath* is lost, it leads to Death.

While the *organs* present in *Humans* may not necessarily contradict my perspective, as they also serve vital *biological* functions, *breathing* remains the essential and primary aspect of *Life*.

To further substantiate my viewpoint, let us consider what the *Bible* conveys about *breathing*.

What insights does the *Bible* provide regarding *breathing*?

Genesis 2:7 states: Then *God* formed *Humans* from the *Dust* of the ground and *breathed* into their

nostrils the *Breath of Life*, and *Humans* became a living *Being*.

Indeed, when I refer to living, I have a clear understanding of the origin of *Life*.

A living *Being* is one that possesses *Life*.

Living is equivalent to *Life*.

However, a truth that many may overlook is that *breathing* constitutes *Life*, as I assert; without it, *Life* cannot exist.

Consequently, I crafted a quote addressing this matter: The *Breathing of God* is *Life*, for without it, *Life* ceases to exist. There is no doubt in my mind that my explanation holds validity.

7. **"The *Breathing of God* is *Life*, for without it, *Life* ceases to exist. There is no doubt in my mind that my explanation holds validity."**

In summary, I firmly believe that *breathing* is essential for *Life*, as nothing can function without it.

What Is Death?

From a young age, and as I grew older, I consistently heard about and witnessed the passing of *People*.

I am not alone in experiencing the loss of many older *Family* members.

Well, *Death* is a phenomenon that eludes explanation, yet I have my own thoughts on its origins.

As I have previously shared my views on Life, I think Death occurs when *Life* ceases to exist.

From my perspective, *Death* is something I wish were not a reality, as it brings immense pain, but it is beyond my control.

In truth, no one can prevent *Death*.

It seems that *Death* exists in accordance with the will of *God*, who possesses all knowledge.

Must we face *Death* to reach *Heaven* in the *Afterlife*?

Or did *God* punish us through *Death* for sinning?

Perhaps?

So, I think *Death* is the absence of the *Breathing of God*.

While contemplating this, I penned a quote: *Death* is the absence of *Life*, which is profoundly painful."

8. **"Death is the absence of Life, which is profoundly painful."**

Indeed, that encapsulates my understanding of *Death*.

Why Sex Is Important?

According to the *Bible*, *God* created the first *Humans*—a *Woman* and a *Man*—and instructed them to procreate.

Therefore, I believe that *Sex* is not inherently negative but rather a sacred act that is accepted by *God*.

The creation of both a *Man* and a *Woman* serve a purpose.

Perhaps this is why *Men* have *penises* and *Women* possess *vaginas* with *uteri* for reproduction.

Why Sex is important?

In my view, *Sex* is a sacred act, yet it can be perilous depending on the intentions behind it and the partners involved.

Furthermore, *Sex* is a form of energy that should be shared selectively; it is not inherently bad.

God created *Humans* and *Animals* as distinct *Beings*, each with unique traits that should not be intermixed.

So, engaging in sexual relations between *Humans* and *Animals* is inappropriate, as *God* did not intend for such interactions.

There is no falsehood in my explanation.

This is why I have articulated a quote regarding this topic.

9. **"Sex is a sacred energy in the Eyes of God, which, unfortunately, many People fail to recognize."**

This is my perspective on the subject.

Why Do Women Give Birth?

Why do *Women* give *Birth*?

In my view, the primary reason *Women* bear *Children* is to fulfill *God*'s intention for *Humanity* to multiply.

It is important to remember that *God* created the *Earth* and the first *Humans*.

So, *God* provided them with guidance and instructed them to procreate to increase the *Human* population.

Indeed, this is how *Humanity* has grown to its current size.

Presently, over a billion *People* inhabit the *Earth* across various regions.

Therefore, we owe our existence to the first *Humans* created by *God*, who continued to have *Children* through the generations.

I even penned a quote regarding this topic that reflects my perspective.

10. **"We should express gratitude for the role Women play in contributing to Humanity's growth, as guided by God's Will."**

Thus, in my opinion, this is one of the key reasons why *Women* give *Birth*.

Chapter Two

What Is the Role of Parents?

One of the more challenging questions to address is the role of *Parents*.

What is the role of *Parents*?

In my opinion, the primary responsibility of *Parents* is to nurture and educate their *Children* in the teachings of *God*, guiding them on how to interact with others through *love*, *respect*, and *consideration*, thereby steering them away from negative influences.

A *Parent* who diligently raises and instructs their *Child* in *God*'s *Commandments*, *Principles*, and *Discipline* contributes significantly to their *Child*'s well-being.

Conversely, a *Parent* who neglects to provide this guidance inflicts considerable harm on their *Child*'s *Life*.

Moreover, part of a *Parent*'s role is to reflect on their own failures and mistakes to prevent their *Child* from repeating them.

This approach helps the *Child* grasp the essence of *Life* and discover their true purpose on *Earth*.

Consequently, I crafted a quote regarding this topic: The role of a *Parent* is to nurture and educate their *Children* in *God*'s *Commandments*, *Principles*, and *Discipline*, enabling them to comprehend *Life* and their purpose on *Earth* through *Education* and example.

11. **"The role of a *Parent* is to nurture and educate their *Children* in *God*'s *Commandments*, *Principles*, and *Discipline*, enabling them to comprehend *Life* and their**

> purpose on *Earth* through *Education* and example."

Indeed, in my view, this encapsulates the role of a *Parent* in their *Child*'s *Life*, and I hope that *Parents* who engage with my book will take this to heart and gain a deeper understanding.

What Is the Role of Children?

Indeed, I frequently ponder the question regarding the role of *Children*.

What is the role of *Children*?

However, after considerable contemplation, I believe I have some insights into this matter.

I don't think I'm alone in my ability to envision this question; there is likely at least one *Child* who can think similarly.

Allow me to provide some explanations regarding this topic.

In my view, the role of *Children* is to obey their *Parents* and to adhere to and respect *God*'s *Commandments*, *Principles*, and *Discipline*.

This way, they learn to treat others with *love*, *respect*, and *consideration*.

And *Education* is also a crucial aspect of this.

In *God*'s *Eyes*, *Children* hold significant value.

What does the *Bible* convey about *Children*?

Psalm 127:3 states: *Children* are a blessing from *God*, offspring a reward from him.

Additionally, *Genesis 1:28* emphasizes *God*'s command to be fruitful and multiply, thereby filling the *Earth*, which underscores the importance of all *Children*.

Proverbs 1:8 encourages *Children* to listen to their *Father*'s instruction and their *Mother*'s teaching.

Certainly, due to this, I penned a significant quote regarding the role of *Children*.

12. **"Children are meant to obey their Parents and adhere to God's Commandments,**

> Principles, and Discipline through both Education and example."

In my view, this defines the role of *Children*.

If you are a *Parent* engaging with this book, I encourage you to reflect on its messages.

Likewise, if you are a *Child* reading this book, I hope you also consider its teachings.

What Is the Role of Youth?

Once a Child reaches a certain age, they transition from being considered a *Child* to being recognized as a *Youth*.

What is the role of *Youth*?

This is a question that can be somewhat challenging to answer, but I will attempt to provide some insights.

There exists a phenomenon known as age, which remains inexplicable.

A *Child* inevitably becomes a *Youth*, and a *Youth* eventually matures into an *Adult*.

I believe I am not alone in envisioning what the role of a *Youth* entails.

There may be other *Youths* around the World who share similar thoughts.

In my view, the role of a *Youth* is to consistently uphold the *Education* imparted by their *Parents*, while also adhering to *God*'s Commandments, *Principles*, and *Discipline*.

Additionally, they must assist *Children* in understanding *Life* as they experienced it during their own upbringing, serving as a positive role model.

A *Youth* who exemplifies good behavior provides significant benefits to a *Child*, whereas a *Youth* who fails to set a good example can cause considerable trouble and harm in that *Child*'s *Life*.

It is essential to remember that *Children* tend to emulate their *Youth* in the same way they do their *Parents*.

Therefore, it is vital for *Youths* to comprehend their responsibilities to prevent leading *Children* astray.

I have also penned a quote that underscores the importance of this matter: The role of *Youth* is to uphold the *Education* received from their *Parents* while guiding *Children* through the positive examples they establish.

13. **"The role of Youth is to uphold the Education received from their Parents while guiding Children through the positive examples they establish."**

This is the perspective I offer regarding the role of *Youth*, which I believe is important for many *Youths* to understand.

What Is the Role of Adults?

Once a person reaches a certain age, they transition from being classified as a *Youth* to being recognized as an *Adult*.

What is the role of *Adults*?

What responsibilities does *Adulthood* entail?

This inquiry prompts considerable reflection for a comprehensive response.

Allow me to share my perspective on this matter.

Just as Children emulate the behaviors of *Youths*, *Youths* likewise look up to *Adults* for guidance.

No doubt or deception leads me to question my beliefs on this topic.

In my view, the primary responsibility of an *Adult* is to uphold the *Education* imparted by their

Parents while adhering to *God*'s *Commandments*, *Principles*, and *Discipline*.

Additionally, *Adults* must set a positive example for the *Youths* who look up to them.

Concurrently, *Adults* have the duty to steer *Youths* towards the right path, helping them to avoid the errors and misjudgments that they themselves may have encountered.

It is for this reason that I have penned a quote that I believe holds significant importance regarding this subject.

14. **"The role of Adults is to always practice the Education they received from their Parents, continuing to follow God's Commandments, Principles, and Discipline while setting a good example for the Youth to avoid making the same failures and mistakes as them."**

This is the perspective I offer regarding the role of *Adults*, which I believe is important for many *Adults* to understand.

What Is the Role of the Elderly?

An older *Person* is expected to possess the maturity and wisdom to understand their role, having experienced *Childhood*, Adolescence, and *Adulthood*.

However, it will not surprise me if some Elderly *Individuals* remain uncertain about their roles.

What is the role of the *Elderly*?

Allow me to clarify the role of an *Elderly*.

In my view, an *Elderly Individual* has little left to learn and should instead concentrate on guiding *Children*, *Youth*, and *Adults* in grasping the essence of *Life*.

Indeed, the *Elderly* are meant to assist *Children*, *Youth*, and *Adults* in avoiding the errors they themselves have made, thereby enabling these younger generations to live as long as they have.

I also penned a significant quote regarding this matter: The *Elderly* should be mature enough to recognize their roles by aiding *Children*, *Youth*, and *Adults* in reaching their age or surpassing their *Lifespan*.

15. **"The Elderly should be mature enough to recognize their roles by aiding Children, Youth, and Adults in reaching their age or surpassing their Lifespan."**

This is the perspective I offer regarding the role of the *Elderly*, which I believe is important for many *Elderly* to understand.

What Is Our Purpose?

Throughout my existence, I frequently ponder the question of what it means to be *Human*.

What is our purpose?

Since this is a deeply personal inquiry, I believe that many others also reflect on this matter.

In my view, our purpose on *Earth* is to adhere to *God*'s *Commandments*, *Principles*, and *Teachings*, and to coexist with one another in *love*, *respect*, and *consideration* until *God* returns for us or fulfills His *Promises* and *Prophecies* in our *Lives*.

Certainly, adhering to *God*'s *Commandments*, *Principles*, and *Disciplines* is synonymous with worshiping Him.

I have penned a quote regarding a question I believe holds significant importance.

16. "I am convinced that I am not alone in my belief that the purpose of Human existence on Earth is to worship God and to coexist harmoniously with one another, grounded in love, respect, and consideration."

In summary, this is the reason I believe our purpose should be unified.

Why Do We Work?

Many of us are *Human*, including myself, were raised to see our *Parents* and *Grandparents* working hard to earn *Money* to support their *Families*.

For me, since *Childhood*, I have witnessed my *Parents* laboring tirelessly to provide for our *Family*.

The same was true for my *Grandparents*.

This method was also prevalent in *Ancient* times, but the question remains: why do we work?

However, I do not believe that *God* created us to work solely for *Human Beings*, but rather for Him.

Did *God* create *Humans* to work hard?

Did *God* also create *Humans* to work for other *Humans*?

What does the *Bible* say about work?

Colossians 3:23-24 states: Whatever you are doing, work towards it with all your heart, as working for *God*, not for *Human Elites*, since you know that you will receive an inheritance from *God* as a reward.

Proverbs 21:5 says: The plans of the hardworking lead surely to *abundance*, but *Everyone* who is not hardworking comes only to *poverty*.

Currently, I hope you understand why I believe that *God* never created *Humans* to work hard for themselves but for Him.

Therefore, I wrote a quote to clearly explain my thoughts on this matter.

17. **"As Human Beings, we were created to please God through our work, not for the Elites who are not of God."**

This is the reason I think we work.

Why Do We Need Education?

In my view, *Education* serves as a crucial element for a *Person*'s well-being.

Why do we need *Education*?

This is a somewhat complex question, but I believe *Education* is essential for us to thrive in *Society*.

For instance, consider a *Person* who is unable to read or write; this *Individual* is deemed illiterate.

Such a *Person* faces significant challenges in navigating societal functions.

I firmly believe that *Education* is a vital key that unlocks opportunities for *Individuals* to engage effectively in *Society*.

Consequently, I formulated a quote that encapsulates my overall perspective on *Education*:

Education is a vital key that unlocks opportunities for *People* to thrive in *Society*.

18. **"Education is a vital key that unlocks opportunities for People to thrive in Society."**

Undoubtedly, this is the reason I advocate for the necessity of *Education*.

Why Do Society Categorize Us?

Why do *Society* categorize us?

Let me explain what I mean by *Society*.

In my opinion, *Society* is the community of *People* living everywhere on *Earth*.

Now, let me give my opinion on why *Society* categorizes us.

Well, to tell you the truth, there is no evidence that *God* created a *Human Being* superior to others.

There is also no evidence that the cause of categorized *People* comes from *God* because *God* is a just and righteous *God*.

But the reason why I think that *Society* categorizes us is because of selfish and energy criteria that cause division.

What criteria am I talking about?

Indeed, *Money*, *title*, *power*, and *material goods* are so needed that *Society* categorizes *People*.

Now, as time progresses, *People* are always categorized according to their *Money*, their *title*, their *power*, or their *material goods*.

Is God responsible for these categorizations?

Absolutely not; *God* has no connection to this mindset or way of thinking.

Therefore, I wrote a quote about it.

19. **"It is unfair how Society categorizes us by Money, titles, power, and material possessions, which are vanity."**

That is why I think that *Society* characterizes *People* currently.

Why Do We Have Parents?

Parents consist of a *Woman* and a *Man*, chosen by *God* to create and nurture another *Human Being*.

Why do we have *Parents*?

In my view, *Parents* serve as the second *Guardians* of a *Person* after *God*.

Indeed, *Parents* play a crucial role in the *Lives* of the *People* they bring into the *World* and raise.

Is there a distinction between *Parents* and *Guardians*?

Yes, there is a clear difference between *Parents* and *Guardians*.

A *Parent* refers to two *People* who raise their *biological Children*, whereas a *Guardian* refers to two People who adopt or care for *Children*.

Therefore, I believe that *Parents* are essential, as this aligns with *God*'s design.

Without *Parents*, *Humanity* would struggle to reproduce.

What does the *Bible* convey regarding *Parents*?

Ephesians 6:1-3 states: Children, obey your *Parents* in *God*, for this is the right path to take. Honor your *Father* and *Mother*—which is the first *Commandment* with a *Promise*—so that it may go well with you and that you may enjoy long *Life*.

But I don't think only *Children* should honor their *Parents*.

Proverbs 1:8 advises: My *Son*, listen to your *Father*'s instruction and do not reject your *Mother*'s teaching.

Proverbs 22:6 emphasizes: Train up a *Child* in the way he should go; even when he is older, he will not depart from it.

Isaiah 54:13 reassures: All your *Children* will be taught by *God*, and happiness will be their peace.

I think you understand why we have *Parents*, but in my view, they serve as our second *Guardians* after *God*.

This belief inspired me to write a significant quote on the subject.

20. **"We must always express gratitude to God for our Parents, as they are our secondary Guardians following Him."**

Indeed!

Chapter Three

Why Do We Have to Grow Old?

Aging is a process that remains largely unexplainable.

In my view, aging is simply one of the phases of *Human* existence.

Why do we have to grow old?

It's essential to remember that *Human Life* is distinct from divine existence.

A *Human Life* is just that—a *Human Life*.

Perhaps aging is a component of a divine design or a mystery known only to *God*, but that does not change the fact that it is a natural occurrence.

Therefore, I believe we age with the ultimate purpose of facing death.

An *Elderly Individual* cannot revert to *Childhood*, *Youth*, or *Adulthood*; they can only await their final day.

Indeed, we age with the inevitability of *Death*, a truth from which no one can flee.

I once penned a quote regarding this phenomenon that I find significant.

21. **"We age because this process is part of us to eventually pass away."**

This quote I crafted should resonate with everyone.

Why Should We Marry a Man or Woman?

It was not without purpose that *God* created a *Man* and a *Woman* and instructed them to bear *Children* to increase *Humanity*.

This alone indicates that *God* does not support same-sex couples or *marriages*.

Why should we marry a *Man* or *Woman*?

So, I believe the reason we are meant to marry a *Man*, or a *Woman* is to honor *God*'s *Commandments*, *Principles*, and *Discipline*.

What does the *Bible* say regarding *marriage*?

Genesis 2:24 states: Therefore, a *Man* shall leave his *Parents* and hold fast to his *Wife*, and they shall become one.

Mark 10:9 says: Therefore, what *God* has united, let no one divide.

Proverbs 18:22 mentions: He who finds a good *Wife* finds a blessing and obtains favor from *God*.

To clarify this question more effectively, I have penned a quote that holds significance for me.

22. **"It is clear that we must marry a Man or a Woman, as God opposes same-sex couples and marriages."**

In fact, after considerable reflection, this quote encapsulates my views on the matter.

Why Do We Have to Multiply?

When considering the question of why we must multiply, I believe I have already provided some insight into the answer.

Why do we have to multiply?

Allow me to clarify that I think we, as *Humans*, are meant to multiply because that is what *God* intended.

It was not without purpose that *God* instructed the first *Humans* he created to be fruitful and multiply.

However, this directive was not meant for malicious purposes.

I have also penned a quote addressing this question.

23. **"We are called to multiply because God understood that the initial two Humans he**

created could not thrive on Earth in isolation."

In fact, I believe we are meant to multiply to achieve the complete realization of *Humanity*.

Why Do We Have Children?

There is a significant question that I frequently ponder, and I believe I am not alone in this contemplation.

What question am I referring to?

Am I the only one who wonders why we have *Children*?

Why do we have *Children*?

Do you find yourself asking this question as well?

In my opinion, I believe that *God* permits us, as *Humans*, to have *Children* so that we can nurture them and instill in them the *Commandments*, *Principles*, and *Discipline* of *God*.

This way, they can grow into *Youth*, *Adults*, and the *Elderly* who are prepared for *God*'s return and His

Kingdom when the *Promises* and *Prophecies* come to fruition.

Sadly, many young *People*, *Adults*, and *Seniors* who act and behave without *love*, *respect*, and *consideration* for others are often those whose *Parents* or *Guardians* may not have raised them according to the *Commandments*, *Principles*, and *Discipline* of *God*.

Did you know that?

So, I composed a quote regarding this question.

24. **"One of the purposes of having Children is to nurture responsible Youth, Adults, and Seniors."**

Certainly, others may have varying perspectives, but I am simply sharing my viewpoint.

Why Is Society Evolving?

God is an all-powerful *God* who embodies goodness.

God did not create *Humans* to remain stagnant but rather to evolve, although the *Nature* of that evolution is crucial, as not all paths align with *God*'s *Commandments*, *Principles*, and *Disciplines*.

Why is *Society* evolving?

It is evident to everyone today that *Society* is advancing, particularly in *Technology* and various other domains.

Just as there are a beginning and an end, so too are reality and evolution characterized.

The past is not reflective of the present; *Humanity*'s operations in the past differ significantly from those of today.

The *Bible* even mentions that *God* will create a new *Heaven* and a *New Earth*.

Why does the *Bible* convey this message?

Well, I think the *Bible* suggests this to indicate that the *Earth* we inhabit now may eventually cease to exist.

Just as a *Human* is born and eventually dies, the *Earth* too will come to an end.

So, I penned a quote addressing this matter.

25. "Society is evolving because all beginnings have an ending."

Indeed, I believe that truth is one of the key factors driving societal evolution.

Why Life Is Hard?

Why *Life* is hard?

Many *People* continue to wonder why *Life* is challenging.

Allow me to share something that perhaps many are unaware of.

Life is not inherently difficult.

Remember, I have previously articulated my perspective on what *Life* entails.

Life is merely the *Breath of God*; without it, existence ceases.

Therefore, the next time you ponder the question of why *Life* is hard, keep in mind this brief explanation I provided about *Life*.

Is *breathing* a challenge?

No, unless there is a medical condition, *breathing* is not difficult.

Now, if *Life* is not hard, what do I perceive as hard?

In my view, it is not *Life* that presents difficulties, but rather *Society*, as everything in this *World* is governed by *Elites* who are not *God*.

This is one reason many believe *Life* is hard.

It is not *Life* itself that is challenging; it is *Society* that poses difficulties.

The *Breath of God* becomes arduous only in *Death*.

So, why would someone who is alive claim that *Life* is hard while they are *breathing* easily?

Does that logic hold?

In fact, I have penned a quote addressing this question that many should consider.

26. "Perhaps one day we will realize that it is not Life that is hard, but Society instead."

In my perspective, if you are in good health, it is not *Life* that is hard, but *Society* that presents the real challenges.

Why Do Humans Murder?

Why do *Humans* murder?

Murders are, unfortunately, frequent on *Earth*, as *People* are murdered by others daily.

Animals also face *Death* every day.

So, what drives *Humans* to commit murders?

In my opinion, the origins of this flaw are unclear, as *People* remain unaware of how and why it exists and persists.

It is a phenomenon that eludes explanation.

However, the *Bible* suggests that such actions have been present since *Ancient* times, fueled by *jealousy*, *greed*, and other malevolent desires.

Does *God* find joy in murders?

Absolutely not; *God* does not take pleasure in such acts.

What does the *Bible* state regarding murders?

Exodus 20:13 clearly states: You shall not commit murder.

Therefore, does murder contravene *God*'s *Commandments*, *Principles*, and *Discipline*?

Yes! Indeed!

I crafted a quote to address this question.

27. **"Humans murder to demonstrate the existence of good and evil."**

In my view, this encapsulates my thoughts on the reasons behind *Human* murder.

Why Do We Need Money to Function?

Money appears to be the most influential force on *Earth* when compared to other things.

Why do we need *Money* to function?

While many *People* are unaware of the origins and purpose of *Money*, but I think that the *Elites* possess a clear understanding.

Why is *Money* essential for our daily *Lives*?

Undoubtedly, we require *Money* to operate effectively, as it is impossible to purchase or attain anything without it.

Although it may not be a positive creation in the Eyes of *God*, we find ourselves with no alternative.

Is *God* opposed to *Money*?

What insights does the *Bible* provide regarding *Money*?

1 Timothy 6:10 states: The love of *Money* is a root of all kinds of *evil*.

Matthew 6:24 warns: No one can serve two *Masters* at the same time. Either you will hate one and love the other, or you will be devoted to one and despise the other. You cannot serve both *God* and *Money* at the same time.

Hebrews 13:5 advises: Keep your *Lives* free from the love of *Money* and be content with what you currently have.

Did *God* create *Money*?

No, *God* did not.

I refer to *Money* as mere objects because it does not equate to *Life*.

While *Money* holds no greater significance than *Life* itself, but a *Life* can indeed suffer without it.

Consequently, I composed a significant quote explaining the necessity of *Money* for our existence.

28. "Although God did not create Money, it is a reality that no Person on Earth can operate without it."

Truly, we require *Money* to survive, which is the reason I crafted this quote.

What Is the Meaning of Money?

As I have previously mentioned, *People* are largely unaware of how *Money* exists on *Earth* or the genuine alternative that underpins it, yet the *Elites* are informed.

We *Humans* require *Money* to operate effectively.

This is a truth that cannot be overlooked or dismissed, as there is no escaping it.

What is the meaning of *Money*?

The answer to that question varies based on perspective.

In my view, *Money* serves to fulfill our needs, but I lack any other substantial justification for its existence.

It is indeed the case that many *People* misuse *Money*, whether to engage in criminal activities or to demean others.

The purpose for which a *Person* utilizes *Money* significantly influences its true meaning.

Even the *Bible* acknowledges that *Money* can lead to considerable harm, and this is not a falsehood.

Therefore, I also think that *Money* bears a resemblance to the *Mark of the Beast* mentioned in the *Bible*, as without it, *People* cannot purchase goods or function within *Society*.

I composed a quote regarding the significance of Money.

29. **"I sincerely hope that the essence of Money will not be wrong or regarded as the Mark of the Beast."**

Truly, this encapsulates my thoughts on the meaning of *Money*.

Why the Rich and Poor Exist?

In *Society*, *wealth* divides *Humanity* into two distinct groups.

What do I mean by these groups?

Well, I refer to the *Rich* and the *Poor*.

So, why the *Rich* and *Poor* exist?

In my opinion, their existence is a result of *Society* allowing *Money* to categorize *Humanity*.

This biased and psychological mindset does not align with *God*'s will, as *God* did not create one group of *Humans* to be superior to another.

Since the *Elites* control *Money*, it leads to a situation where *wealth* benefits one group while neglecting the other.

Indeed, I have articulated a thought on this matter: The *Rich* and *Poor* exist because *Money* categorizes *Humanity*.

30. "The Rich and Poor exist because Money categorizes Humanity."

There is no doubt that this is the fundamental reason for the existence of the *Rich* and the *Poor*.

Chapter Four

Why Humans Have Hatred?

Why *Humans* have hatred?

In my view, *hate* is a feeling or sentiment that compels an *Individual* to despise another.

However, there is no scientific or other evidence explaining the origins of this negative feeling or sentiment.

The *Bible* does indicate that hatred has been present since *Ancient* times, yet it is undeniable that it has intensified in recent years.

Did *God* create hatred?

No, *God* did not create hatred, and He opposes this harmful feeling and sentiment.

In fact, hatred inflicts significant harm on *Human Life* on *Earth*.

So, I have penned a quote regarding hatred to express my perspective on it.

31. **"Humans' harbors hate because it is part of their Nature, but it does not originate from God."**

This encapsulates my thoughts on the reasons behind *Humans* hatred.

Why Do We Get Sick?

Disease is a biological and chronic condition whose origins remain unknown, though I suspect the *Elites* are aware.

But *God* did not create the first *Humans* as sick or damaged *Beings*.

So, why do we get sick?

In my view, it is *Human Nature* that contributes to the existence of *Disease*, possibly influenced by the *Elites* who govern the *World*.

Additionally, *Disease* might serve as a form of divine punishment for *Humanity*'s transgressions.

Does *God* create *Diseases*?

No, *God* does not create *Diseases*.

There is no *Biblical* evidence to support the notion that *God* is the *Creator* of *Diseases*.

Are lab-manufactured food and drink significant contributors to the *Diseases* that threaten *Humanity*'s population?

Yes, perhaps.

Therefore, I crafted a quote addressing this issue.

32. **"The reasons behind our Illnesses cannot be definitively proven, but Sickness does not originate from God."**

This is my perspective on the matter of why we experience *Sickness*.

Why Do We Die?

Death marks the ultimate stage of a living *Being*'s transition to another existence.

However, no one can definitively explain the origin of this phenomenon, which also has *Biblical* roots.

Why do we die?

I believe I am not the only one who poses this question; many others likely ponder it as well.

In my view, we die because the *Breath of God* departs from our bodies.

Therefore, no one can ignore, evade, or flee this final stage.

As I previously mentioned, living *Beings* on Earth are not *Eternal*.

Death is a natural occurrence that remains beyond explanation.

Only *God* understands the reasons behind our mortality.

Is *Death* related to divine punishment for the sins we commit?

Perhaps, but we cannot substantiate that claim.

From a philosophical standpoint, *Death* occurs when the *Breath of God* is absent from both the body and the mind.

As I stated earlier, without *God*'s *Breath*, *Life* cannot persist.

I have also crafted a quote to address this complex question that *Humanity* may never fully comprehend but can only speculate about.

33. "We die because God permits it, and that is the essence of the matter."

Indeed, this is why I believe we *Humans* face *Death*.

Where Do We Head After Death?

The question of where we go after *Death* is one that I frequently ponder.

I believe I am not alone in contemplating this matter.

Where do we head after *Death*?

Let me share my perspective on this topic.

While some *People* may not be able to demonstrate where a *Person* goes after *Death*, *God* has granted many the ability to witness visions that clarify this journey.

I count myself among those who have experienced visions of other *Supernatural Realms*.

What insights does the *Bible* offer regarding our destination after *Death*?

According to *Biblical* teachings, the *Soul* and *Spirit* of an innocent *Person* head to *Heaven* or *Paradise*.

You will be with me in *Paradise*: claims *Luke 23:43*.

Numerous other *Bible* verses also address this topic.

Through my personal experiences with *God*, I have come to understand that there exists other *Realms* for the *Soul* and *Spirit* of *Humanity* following *Death*.

Indeed, I hold the belief that *Heaven* after *Death* is an unfathomable reality.

So, I penned a quote reflecting my views on our destination after *Death*.

34. **"There is no question that after we pass away, we are brought before God in Heaven for judgment."**

This encapsulates my perspective on the inquiry of where we head after *Death*.

What Happened After Death?

There is no definitive science or evidence that can clarify what occurs after *Death*.

The events following *Death* are a mystery that only *God* can elucidate or disclose.

What happened after *Death*?

In my view, it resembles a *Spiritual* journey that no *Human* can fully articulate, yet we possess some understanding of its potential.

When I say the term '*After Death*,' I emphasize 'after,' which signifies 'following.'

Since 'after' denotes 'following,' I think that *After Death* represents a possible continuation, akin to the journey experienced by a *Human* on *Earth*.

Therefore, while I cannot definitively state what happens after *Death*, I perceive it as synonymous with the *Afterlife*.

Is after *Death* a possibility?

Yes, it is indeed possible.

So, I have composed a quote regarding the events that follow *Death*.

35. **"The likelihood of an existence beyond Death is quite substantial, even though only God holds the key to this mystery."**

That is certainly my perspective on the subject.

What Is the Afterlife?

What is the *Afterlife*?

In my view, the *Afterlife* refers to an existence that persists beyond *Death*.

As I previously mentioned regarding *Death*, there is no distinction between the *Afterlife* and *After Death*.

Numerous *Ancient* texts discuss the *Afterlife*, particularly those related to the *secrets* of *Ancient Egypt*.

Therefore, the *Afterlife* signifies a continuation of *Life* even after *Death*.

Is the *Afterlife* considered sacred?

Indeed, it is sacred.

Does *God* permit the *Afterlife*?

Yes, *God* does permit the *Afterlife*.

Are *Humans* aware of the *Afterlife*?

Yes, *Humans* possess knowledge about the *Afterlife*, but *God* does not engage in *evil*.

So, I have penned a quote about the *Afterlife* that I believe *People* should reflect upon.

36. **"It is a personal decision to determine which path you will follow in the Afterlife, as this phenomenon extends beyond Death."**

This encapsulates my perspective on the *Afterlife*.

Is Death Painful?

Is *Death* painful?

This is a question that I believe many *People* ponder.

In my view, *Death* is indeed painful, and I will clarify my reasoning.

Remember, I have previously mentioned that *Death* occurs when the *Breath of God* is no longer present in the body.

Death signifies the absence of *Life* within the body.

Where there is no *Life*, there is *Death*.

Therefore, the reason I perceive *Death* as painful is that it renders the final *breath* extremely agonizing.

Yes!

Absolutely!

I have articulated a quote regarding the pain associated with *Death*.

37. "Indeed, Death is painful because it renders the last breath very distressing."

That is my response to the inquiry about whether *Death* is painful.

Is the Eternal Life Means the Afterlife?

Is the *Eternal Life* means the *Afterlife*?

This is a significant question that I frequently ponder.

In my view, it is plausible that *Eternal Life* represents the *Afterlife*, as the *Bible* states that those who have faith in *Jesus-Christ* will receive *Everlasting Life*.

Which *Biblical* verse am I referring to?

John 3:16 says: For *God* loved the *World* so much that he gave his one and only *Son*, that whoever believes in him shall not perish but have *Eternal Life*.

Therefore, it is conceivable that *Eternal Life* refers to existence in the *Afterlife*.

I have articulated a quote on this concept.

38. "From my perspective, Eternal Life equates to Life in the Afterlife."

This encapsulates my thoughts on *Eternal Life*.

Was Jesus-Christ Real?

Was *Jesus-Christ* real?

Was he a real *Person*?

Let me share my thoughts on *Jesus-Christ*.

The *Bible* and various *Ancient* texts discuss the *Life* of *Jesus*, suggesting that he may have indeed existed.

It's also conceivable that *Jesus-Christ* was known by other names.

However, there is a lack of concrete evidence that can definitively confirm his existence.

Personally, I believe it is plausible that *Jesus-Christ* was real, and he may have had other names that remain unknown.

I have conducted numerous inquiries, and I cannot dismiss the existence of this divine *Being* known as *Jesus-Christ*.

While there are many posters, paintings, and other artistic representations depicting the face of *Jesus-Christ*, there is no verifiable evidence to confirm that any of these portrayals accurately represent his true face.

So, I even penned a quote regarding the question of *Jesus-Christ*'s reality.

39. **"There is a possibility that Jesus-Christ existed, as sacred texts such as the Bible and others are considered truthful."**

Therefore, this is my perspective on the reality of *Jesus-Christ*.

Does Heaven or Hell Exist?

Does *Heaven* or *Hell* exist?

This is an imaginative question that many *People* continue to ask.

However, some *People* cannot provide further explanation regarding this matter.

In my opinion, based on my experiences in other *Realms*, I believe that *Heaven* does exist.

Meanwhile, I do not have evidence of *Hell*, but the *Bible* and other *Ancient* texts declare that *Hell* exists.

Therefore, yes, I believe that *Heaven* is real.

Heaven is a *Supernatural Realm* that exists in another *World* where *Human Beings* do not reside.

So, I have written a quote regarding this question.

40. "I do not doubt that Heaven exists, but I lack evidence for Hell."

This is my perspective on *Heaven* and *Hell*.

Also note that those names are what we called them.

Chapter Five

Does Love Really Exist?

Does *love* really exist?

This is a question that I believe many *People* continue to ponder.

It is indeed the case that our *World* is filled with hatred and crime, which leads many to question the existence of *love*.

However, this does not eliminate the faith of those who still hold onto the belief in *love*.

And I count myself among those who maintain that *love* exists, despite the overwhelming negativity that surrounds *Humanity*, which causes most to lose faith in *love*.

In my view, *love* exists, but its recognition often hinges on one's *environment* or *surroundings*.

For instance, an *Individual* raised in a setting where hatred and crime are prevalent may struggle to believe in *love*.

In relationships and friendships, *Individuals* who do not share similar values are likely to encounter conflicts.

Therefore, the *environment* or *surroundings* of a *Person* significantly influence their perception of *love*.

In fact, I once penned a quote regarding the existence of *love* that I believe many should reflect upon.

41. **"Love exists, but its acknowledgment is contingent upon one's environment or surroundings."**

This encapsulates my perspective on the existence of *love*.

How to Know You Have the Right Partner?

In contemporary *Society*, selecting the right *Partner* has become increasingly challenging.

Many *People* fall into the trap of choosing the wrong *Partner*, only to realize their mistake too late.

How to know you have the right *Partner*?

This is indeed a complex question for many, but I believe I have the answer.

In my view, a *Person* recognizes they have the right *Partner* when they assess and confirm that their *Partner* shares similar values.

Therefore, a *Person* must choose someone who aligns with their values to avoid future regrets.

Identify your values, choose someone who shares the same values, and add taxes.

I crafted a quote regarding this issue that I believe many should take to heart.

42. "The only way to ascertain if you have the right Partner is by choosing someone who shares your values."

In my opinion, there is no doubt about how to know if you have the right *Partner*.

Why Does the Country You Are Born into Matter?

Why does the country you are born into matter?

In my opinion, I think that the country you are born into matters because it is the *Land* that *God* intended for you to be born.

Moreover, there is nothing you can do to change or forget that fact.

Always remember that a *Person*'s destiny is planned by *God*.

To answer the question that I think many *People* often ask, the country of your *Birth* matters because it is where *God* destined you to *Originate*.

So, I wrote a quote regarding this question.

43. **"The country you are born in matters because it is God who chose the Land for your Origin."**

Therefore, this is my perspective on why the country of your *Birth* is important.

Why Does Changing Nationality Also Matter?

Why does changing *Nationality* also matter?

In my view, it is important because *Life* is too brief to remain in a community where you feel uncomfortable.

In fact, changing *Nationality* reflects a level of maturity, indicating a desire for more or a prioritization of your peace and mental state.

However, numerous personal reasons may lead someone to change their *Nationality*.

Therefore, I crafted a quote addressing this topic.

44. **"Changing nationality is essential for prioritizing your peace and mental well-being."**

This encapsulates my perspective on the importance of changing *Nationality*.

Why Are Some People Negative?

There is no doubt that all the negativity in the *World* stems from *Humans*.

Am I the only one who continues to ponder this question?

What question am I referring to?

Why are some *People* negative?

In my view, some *People* are negative due to the adverse influence of their upbringing.

What do I mean by this?

Certainly, the influence of *Parents*, *Guardians*, *Friends*, or others significantly contributes to the negative disposition of these *Individuals*, although there are numerous psychological factors that can lead to negativity.

Therefore, I crafted a quote to address this inquiry.

45. "Some People are negative because negativity acts as a psychological narrative that does not show favoritism."

This encapsulates my perspective on the reasons behind some *People*'s negativity.

How to Avoid Negative People?

How to avoid negative *People*?

In my view, avoiding such *People* is a clear indication of maturity.

A *Person* must distance themselves from negativity to prevent adopting a negative mindset.

However, it is essential to understand the specific type of negativity that an *Individual* may be projecting.

To elaborate on this topic, I have penned a quote regarding it.

46. **"Recognizing negative People and maintaining distance from them is the sole method to evade their influence."**

This encapsulates my perspective on avoiding negative *People*.

What Is Our Future?

One of the questions I frequently pose, which I believe others might also consider, is: What is our Future?

Kindly let me provide a brief explanation regarding this inquiry.

In my view, the *Future* unfolds gradually, step by step.

Furthermore, a *Person* who achieves success in one plan today is fully entitled to succeed in another plan tomorrow.

Indeed, the *Future* progresses in a stepwise manner.

Now, what do I mean by our *Future*?

Am I referring to *Humanity*?

Certainly, I am speaking about *Humanity*!

Therefore, our *Future* represents the *Realm* where we will spend our *Eternity* after *Death*.

For this reason, I have composed a quote addressing this question that I think others may ponder as well.

47. "Our Future is the Realm where we will spend our Eternity after Death.

That encapsulates my perspective on our Future.

Are You on the Right Path?

In a *Person*'s *Life*, it can often be challenging to ascertain whether they are following the correct path.

However, it is ultimately the *Individual*'s responsibility to recognize if they are on the right path.

Are you on the right path?

In my view, it is for you to decide if you are indeed on the right path.

Simultaneously, for someone to understand if they are on the right path, they must first know what they desire and their destination.

So, what do you desire?

Where do you wish to be?

To elaborate further, I would like to reference the two primary paths mentioned in the *Bible* and other *Ancient* texts.

Which paths am I referring to?

Well, I am speaking of *Heaven* and *Hell*.

Indeed, I mean *Heaven* and *Hell*.

There is no alternative for an *Individual* to assess whether they are on the right path or not, based on their desires or destinations.

So, I penned a quote regarding this matter that I think many should be aware of.

48. **"What a Person desires and where they aim to be will ultimately dictate whether they are on the right path."**

That is my perspective on this matter.

What Is the Purpose of All of This?

What is the purpose of all this?

In my view, the purpose is *God*, as everything is rooted in the *Bible*.

There is no question that the *Earth*, *Heaven*, the *Heavens*, *Skies*, *Humans*, *Animals*, and all Celestial *Beings* created by *God* are *Biblical* in *Nature*.

God indeed fashioned *Human Beings* and placed them on *Earth* to adhere to His *commandments*, *Principles*, and *Discipline*.

Consequently, those who follow these teachings tend to treat others with love, *respect*, and *consideration*.

Ultimately, *God* is the primary purpose of everything, except for the *evil* that *Humans* create or instigate, as it is important to remember that *God* does not engage in *evil*.

So, I crafted a quote to further clarify this question.

49. "The purpose is God, who is our Creator."

That is my perspective on this matter.

Who Is God?

In conclusion, I would like to provide a brief explanation of a question that I think holds equal importance to the 49 questions I have previously discussed.

What is this question?

It is the inquiry into who *God* is.

Who is *God*?

This is a question that I feel many ponder regularly.

In my view, no one on *Earth* truly knows who *God* is, what his true *Name* might be, or his *Origins*.

However, I have had experiences that offer me some insights regarding *God*.

The name '*God*' might not his actual *Name*; rather, it is a *Title* that *Humans* use to express reverence, and there is no proof that it is his true *Name*.

Since nearly all *Scriptures* in the *Bible* and other *Ancient* writings were revealed through *People* chosen by *God*, their interpretations may hold some truth.

So, who is *God*?

To me, *God* is the *Supreme Being* who created *Heaven*, the *Heavens*, the *Earth*, *Humans*, *Animals*, *Creatures*, *Land*, *Trees*, the *Sun*, the *Moon*, and even *Celestial Beings* that do not inhabit the *Earth*, among other things.

Yet, no *Human* can truly comprehend how *God* created these things or where he *Originated*.

There is also no evidence to suggest whether *God* created himself/herself or came into existence through Natural means.

No evidence if *God* is Male or Female but he mostly appears in *Human*'s form.

And no one can describe the skin color of *God*, but according to some experiences I had, I also saw and met *Beings* with dark and brown skin in other *Worlds* which I believe one was *God*.

This is a phenomenon that most *People* cannot explain, as *God* is all-knowing and acts according to his will.

So, I have penned a quote regarding this question to express my thoughts: God is everything that we, as *Human Beings*, cannot fully know or understand.

50. "God is everything that we, as *Human Beings*, cannot fully know or understand."

This encapsulates my perspective on the question of who *God* is.

Conclusions

Conclusion By Werley Nortreus

Greetings, I appreciate your purchase of my book and the time you've dedicated to reading it!

I want to reiterate that I am *Werley Nortreus*, and I sincerely hope you find value in and apply the concepts presented in the book.

Indeed, I began writing the book on *October 1, 2025*, and published it in *2025*.

Please, remember this book has 5 chapters, and 122 pages.

Thanks for your time and share!

Thank you!
